Date Wednesday 22rd November 2023

Time 11:00 to 11:15

1 to 1

points I want to talk about and questions I want to ask

where am i going to save my files as a backup and to show my 2nd marker.

what tasks am i going to complete for milestone 4

should we start to think of the mid point if so what should i follow

Meeting Notes

i must save all my tasks on gethub and submit my milestones into moodle as of every week

i must rewrite my proposal as it wasnt clear and find resources online and sumblit into github so i have a clear undtanding in the real world already being used of softwares in jail.

i am on task but he said i should start complating a few requiremnets on the file on moodle as a sample to follow.

Outcomes actions timeframes

added him to teams work last milstone and updated a few things on the website.

already added him to GitHub

already have a template for final year report but proposal needs iimprove
